OFFICE OF THE

Chief Conservator of Forests

in Mysore, Bangalore

No. B3/23/GFT/588/69-70
Encls. 2 + sketch

Date 28/6/69

To

The Secretary to Government,

Agriculture and Forest Department,

Bangalore.

Sir,

22330

Subject: Ghataprabha Project - release of forest land to the displaced persons of the Hidakal Dam Project.

- - -

I enclose herewith a copy of letter No. FOP/GFT/BGM/1961 (72)/60-61 dated 26.5.69 together with its enclosure received from the Conservator of Forests, Belgaum, on the above subject.

In this case, the Conservator of Forests has stated that the Hon'ble Minister of state for Forests has desired for the release of Daddi Forests for the displaced persons as the Minister for Social welfare is particular about the release of this area to the affected expropriated ryots of the said project in view of the fact that the area of 4,021-80 acres already released is inadequate.

In view of this a recommendation is now made by the Divisional Forest Officer for the release of 360 acres out of F.S.No.75(P) and 103 (B) of Aldhal Village, Hukkeri Taluka. The Conservator of Forests has also no objection for this proposal.

I have therefore no objection for the release of 360 acres.

Orders of Government in the matter may kindly be communicated.

Yours faithfully,

D. Ramachandrappa 29/6

CHIEF CONSERVATOR OF FORESTS

8 4

No.FOP/CFL/BGM/1961/(72)/60-61. Belgaum: 21 May'69.

To

The Chief Conservator of Forests,
in Mysore, Bangalore.

Sir,

Sub:- Ghataprabha Project - release of forest land to the displaced persons of the Hidakal Dam Project.

Ref:- This office even No.dated 3-5-1969.

In continuation of this office above cited No. I submit herewith Divisional Forest Officer, Belgaum's No. FOP/GFL/108/82/69-70 dated 13-5-1969 along with its accompaniment and state that in the circumstances explained by the Divisional Forest Officer an additional area of 360 acres out of F.S.Nos. 75 (P) and 163(B) of Aldhal village, Hukkeri Taluka as shown in the sketch accompanying the Divisional Forest Officer's report may be released for the rehabilitati of the persons affected by the Hidakal Dam Project. Pending receipt of Government orders it may kindly be ordered whether the tree growth from the said area may be cleared. Very early orders are requested.

Yours faithfully,

(Y.M.L.Sharma)
Conservator of Forests,
Belgaum Circle.

p.

Copy along with a copy of the Divisional Forest Officer, Belgaum's above cited No. to the Private Secretary to the Minister of State for Forests, Vidhana Soudha, Bangalore for kind information and with a request to bring the above to the kind notice of the Hon'ble Minister.

Letter No. FOP/GFL/108-32 of 69-70 dated 13th May 1969 from the Divisional Forest Officer, Belgaum to the the Conservator of Forests, Belgaum Circle, Belgaum.

Subj:- Ghataprabha Project - release of forest land to displaced persons of the Hidkal Dam Project.

Ref:- Your No. FOP/GFL/HGM/1961-72/60-61 dated 3-5-69.

On 8-5-1969 I inspected P.S.No. 22 of Naganur Daddi which measures 618 acres 13 gunthas and P.S.No. 73 of Aldhal which measures 720 acres 33 gunthas. The above areas are situated to the north of Ghataprabha River. Two survey numbers are being demanded by the persons affected by Hidkal Dam. Sri Subedar and Heddur Shetty have also referred to these two areas in the 3rd meeting of the Ghatprabha Project Rehabilitation Committee held on 5-3-1969.

Regarding the forest area in P.S.No. 22 of Naganur Daddi, I have to state as follows:-

Towards North and North-East, forest area is moderately sloping and it assumes a hilly terrain towards South touching Ghataprabha. There are young plantations to the North in the Coupes situated in this survey number, the extent of which is as follows:-

| Coupe No. | Area in Acres | Year of Plantation. | |
|---|---|---|---|
| LXII-35 | 7 | 1963 | Naganur (Daddi) village limits. |
| LXII-36 | 7 | 1964 | |
| | 22 | 1966 | |
| LXII-37 | 23 | 1965 | |
| LXII-1 | 25 | 1967 | Portion is in Aldhal limits. |
| LXII-2 | 20 | 1968 | Portion is in Aldhal limits. |
| LXII-3 | 22 | 1969 (to be planted) | Aldhal limits. |

Plantations situated in Aldhal village limits are also shown in the above statement. As the plantations are still young and the plants are hardly 1 to 2 inches in dia, we cannot expect any returns from these plantations until they attain the age of maturity as prescribed in the Working Plans. Since the area of the plantations is situated in patches at different places in the corresponding coupes towards North, it is difficult to find contiguous area free from plantations. The North Eastern and Eastern portion contains very good stocking of Sandal trees. Hence if the plantations are to be saved and the sandalwood area is to be preserved it is not in the interest of Forest conservation to release the Forest area in the limits of this village.

P.T.O.....2

10

The Forest Survey Number 75 of Aldhal village is situated on the road side, to the South of Hukkeri Daddi Road and to the North of Ghataprabha River. Sandal wood occurs abundantly towards Northern portion. The area towards south is undulating and contains plantation patches in coupe 2(part) and coupe-3.

While inspecting the Forest area on 8-5-1969, Mr.Subhedar of Sankeshwar who is a member of Ghataprabha Project Rehabilitation Committee was with me & he was shown the existence of plantations and Sandalwood trees in the Forests of these two villages. Though he was convinced about the necessity to preserve such forests, the pleader hon'ble sympathetic view regarding grant of Forest lands to persons affected by Hidkal Dam Project.

In view of the fact that the Forest area is not cultivable with the Soil ranging from Redloam to Sandyloam (Masari) and due to the difficulties faced by the persons affected by Hidkal Dam, an area of 300 acres is recommended for release from village limits of Aldhal as per the sketch enclosed. The area of 103(R) acres in Aldhal which is isolated patch and the northern portion of Aldhal F.No. 78 situated on the road side i.e. left side of Hukkeri Daddi Road, and containing no plantations (containing Sandal trees tree growth) is considered fit for making the total area recommended. If any more area is to be released we have to sacrifise our plantations and young Sandalwood trees which are not capable of yielding at present Revenue to the Department and the amount spent on the plantations will be a permanent loss.

---

| | | | |
|---|---|---|---|
| LXII-38 | 7 | 1963 | Nagamur (Daddi) village limits. |
| LXII-36 | 7 | 1964 | |
| LXII-37 | 23 | 1967 | |
| LXII-1 | 28 | 1967 | Portion is in Aldhal limits. |
| LXII-2 | 20 | 1968 | Portion is in Aldhal limits. |
| LXII-3 | 22 | 1969 | Aldhal limits. |
| | | (to be planted) | |

---

Plantations situated in Aldhal village limits are also shown in the above statement. As the plantations are still young and the plants are hardly 1 to 2 inches in dia, we cannot expect any returns from these plantations until they attain the age of maturity as prescribed in the Working plans. Since the area of the plantations is situated in patches at different places in the corresponding coupes towards North, it is difficult to find contiguous area free from plantations. The North Western and Eastern portion contains very good stocking of Sandal trees. Hence if the plantations are to be saved and the sandalwood area is to be preserved it is not in the interest of Forest conservation to release the Forest area in the limits of this village.
